What Our Students Say

Google
Rated 4.8/5 (982)

Tech Leads IT is a very good institute. Krishna Sir teaches very well for both freshers and experienced people, and his communication skills are excellent and he provides great guidance for career development.

Onkar Channe
Technical Lead at Nagpur Broadcast Company

I really appreciate Krishna's enthusiasm for the subject matter. It made the course more enjoyable. He clearly explains all the concepts with examples which can be understood by a new person entering this ERP world This is really helpful in building our skills.

Santosh Kumar Badiger
Sr Business System Analyst at Cloud Software Group

I joined for Oracle cloud SCM and am totally satisfied with Krishna's way of detailing the contents and the way of handling the queries and guiding. The quality during teaching specially voice clarity is too good.

Vasu Patnaik Uriti
SCM Functional Consultant at TOYOTSU

I recently completed the Oracle Fusion SCM Training from Tech Leads it. The training session was incredibly insightful and well-organized. The content was relevant and clearly presented, which made it easy to follow.

Thirumal M
Project Manager at Tietoevry

I am part of Oracle Fusion SCM course. I am completely new to this course and instructor Krishna Sir had explained all concepts clearly and with real time scenarios.

Sudarshan kawade
Oracle Functional Consultant at MGS Technology

Krishna (trainer) is having good knowledge in SCM , very freely with students and explains real time scenarios during class sessions with examples . I thank tech leads for the support and highly recommended to be trained here.
